

WASSIM MAROUANI

Full-Stack Developer · React · TypeScript · NestJS · .NET · SQL

Sfax, Tunisia · +216 56 525 519 · wassimmarweni.sfax@gmail.com · [linkedin.com/in/wassimmarouani](https://www.linkedin.com/in/wassimmarouani) · github.com/wassimmarouani

SUMMARY

Full-stack developer who builds and ships web applications end-to-end with React, TypeScript, NestJS, .NET and SQL. Recent production work includes a B2B e-commerce platform (React with server-side rendering) and a fishing-fleet financial-management system with a fully unit-tested calculation engine. Backed by a solid data & BI foundation (ETL, SSAS, Power BI). Open to relocation across Europe or fully remote roles.

TECHNICAL SKILLS

- Frontend:** React, Angular, TypeScript, JavaScript, Tailwind CSS, HTML, CSS
- Backend:** NestJS, Node.js, ASP.NET Core (Web API), Prisma, Entity Framework Core, PHP, REST APIs
- Databases:** PostgreSQL, SQL Server, MySQL
- Data & BI:** ETL, SSAS, OLAP, Data Warehousing, Power BI
- Practices & Tools:** Git & GitHub, Agile/Scrum, SSR & SEO, automated testing (Vitest/xUnit), responsive & WCAG accessibility

PROFESSIONAL EXPERIENCE

Full-Stack Developer & E-Commerce — ArtisRaw Nov 2024 – Present · Sfax, Tunisia

Olive-wood products manufacturer selling internationally (B2C & B2B)

- Designed and built the company's B2B platform (b2b.artisraw.com) from scratch in React — product catalog, category landing pages, and a qualifying quote-request workflow (volume, market, channel) with automated lead routing and WhatsApp Business integration.
- Implemented server-side rendering with Schema.org structured data for SEO, fully responsive layouts (360–1920 px) with WCAG AA accessibility, and performance work (WebP, lazy-loading, CDN, caching) targeting Core Web Vitals (LCP < 2.5 s).
- Built the B2C store (WordPress, Stripe international payments) and set up GA4 / Search Console conversion tracking plus GDPR-compliant cookie and legal flows.
- Run international e-commerce operations (Amazon FBA launched from scratch to ~30 orders/day and ~\$12k revenue per cycle, Etsy, Meta & Google Ads) — connecting engineering decisions to real business metrics.

Marketing & Web Developer — MIM Groupe Oct 2023 – Apr 2024 · Sfax, Tunisia

- Designed and launched an automotive spare-parts e-commerce platform (WordPress), building custom themes and plugins tailored to the client's catalogue and ordering workflow.

Full-Stack Developer Intern — Jalysscom Feb 2023 – Apr 2023 · Sfax, Tunisia

- End-of-studies project: built a book-sales and workspace-reservation platform end-to-end — backend, frontend, admin back-office and analytics dashboard.

PROJECTS · [GITHUB.COM/WASSIMMAROUANI](https://github.com/wassimmarouani)

- Fishing-Fleet Management System** — Full-stack web app to manage a trawler fleet's trips, crews, revenues, expenses, payroll and invoices. Built an isolated, unit-tested calculation engine reproducing complex profit-sharing rules (52/48 split, per-crew shares, advances, bonuses) to the exact millime, storing money as integers to avoid float errors; local-first/offline with remote backup and PDF/Excel exports. (React, TypeScript, Tailwind, shadcn/ui, ASP.NET Core 8, EF Core, SQL Server)
- Enterprise BI Dashboard** — End-to-end OLAP solution for sales and inventory analysis: ETL pipeline, data warehouse, SSAS cube, .NET API and Angular dashboard. (SSAS, ETL, SQL Server, .NET, Angular)
- Real-Time Auction Platform** — Online auction app with live bidding, authentication and full auction lifecycle management. (TypeScript, React, NestJS, Prisma, PostgreSQL)
- Additional** — e-learning platform with course management and progress tracking (PHP, MySQL); full-stack e-commerce apps with role-based access and payments (React, NestJS, PostgreSQL).

EDUCATION

Engineer's Degree, Computer Engineering 2024 – 2027 (in progress)

International Institute of Technology, Sfax — evening classes; available full-time during the day

Bachelor's Degree, Management Information Systems (Business Intelligence) 2020 – 2023

Higher Institute of Industrial Management, Sfax

LANGUAGES & MOBILITY

Arabic (native) · French (B2) · English (B2) Open to relocation across Europe or fully remote work.
